Hi,

As I spoke about with Meaghan McHanon (the amicus curiae for this upcoming hearing) yesterday on the unit phone (I left her a voicemail when Dr. Tabitha Rogers finally allowed my laptop and cellphone to be returned) I require an URGENT CASE CONFERENCE with the Honourable Judge Flaherty.

At present, Dr. Tabitha Rogers is consistently obstructing justice in many ways, but in order to self represent I need help with the following:

Allowing me to go to the Ottawa Courthouse or getting my Drivers License which she is still prohibiting, this prevents me from getting a Fee Waiver Form so I can submit motions and file/serve my Constitutional Question

She keeps taking away my cellphone/laptop and access to pens and paper (despite no certificate to manage my property so this definitely infringes upon my rights). (other possessions and privileges too)

Access to my health records at The Royal, which she is denying.

How am I to self represent at all without these?

This needs to be addressed immediately as the deadline is coming up and since Dr. Tabitha Rogers intends to force feed me food and water when I hunger and water strike in the event the judge rules in her favour and I am forced to take pharmakeia which I consider to be sin (and this internationally recognized as torture) I am HIGHLY motivated to do my very best at this hearing.

Since the courts previously blocked my notice of appeal for my Form A application to the CCB, I will be hunger and water striking immediately should the honourable and

respectable judge rule against me at this hearing to give me time to die before they are allowed to treat me.\

It is my right to die this way. This should at least be addressed at the hearing on the 17th of October which Dr. Tabitha Rogers says she doesn't want to attend.

I am eating foods and liquids of my own volition until then.

She considers me crazy for having standard Christian beliefs.

She hates me and hates Christians and wants to harm me as badly as she can.

See this youtube video as proof (audio recording made with her consent months ago).

She said as such on record again at my CCB hearing on August 27 with the CCB.

She flashed me the 666 gangsign twice and told me her current body is her glorified body, and has abused me in various well documented ways.

They 'treated' me twice at the royal despite their policies and my advance directive which have also interfered with my ability to think.

How can I self represent if she keeps breaking the law and infringing upon my human rights.

I hope no one gets treated like I have by Dr. Tabitha Rogers.

Not even my worst enemy.

I should no longer even be in her care.

Please let me know when this URGENT CASE CONFERENCE can be arranged.

Regards,

Steven Reynen
