Hi Trial Coordinator at the Ottawa SCJ!

I just received a rejection of the second filing I did of my Notice of Appeal of 25-2460, (the first I submitted on August 28, 2025 and the second I submitted on September 3, 2025) by CivilClaimsDocuments@ontario.ca.

The Rejection came back with Confirmation # 3432579.

It said I needed to file it with the Divisional Court.

On my first attempt filing, there was no indication I was filing it with the wrong court when I received a rejection on September 3, 2025, merely that I failed to include the year in the date of the hearing. So I fixed that detail right away and resubmitted it exactly the same way.

I just went to file through the Divisional Court Court Online Portal, but the only options there (it didn't have the same free option as in the 62A application with the Civil Superior Court of Justice) cost \$243.

I do not have the funds to file this document, if there is no free option, like with how I filed it previously.

Furthermore Dr. Rogers has obstructed my ability to get my driver's license for months (a literal crime), so that I might verify my identity online. And, not only that has also prohibited me repeatedly from going in person to the Ottawa Courthouse (which is obstruction of justice, a literal crime) so I that I could get documents notarized and affirmed (not sworn) so I could get fee waiver forms so that situations like this would not present itself and I could get the appropriate forms notarized and signed in my claim against her in the Small Claims Court.

The CCB has acknowledged receipt of my Notice of Appeal and it was also served to Dr. Tabitha Rogers and Paige Miltenburg (her legal counsel). Their response to me on September 4, 2025 is attached.

What should I do now?

I won't have this amount of money for another week, assuming something else doesn't go wrong (including the internet not working at The Royal, my laptop being damaged at The Royal, my items being confiscated and being prohibited from using the unit computer at The Royal, the power not working in the outlets at The Royal as confirmed by their maintenance technicians. All of which has already happened before. My debit card could be stolen again, even on a locked unit as I have no physical security too, or my funds could be taken out of my bank account again.)

I hope this won't prevent me from continuing this appeal, as there have been substantial contributing factors, some of which were literal crimes perpetrated by the very doctor whose care I am in that considers me to be delusional for my standard Christian religious beliefs and literally abuses me and I am under constant threat of being "treated" with substances that can literally harm and kill me according to their own warnings and side effects, not only that but I have been repeatedly physically, psychologically, emotionally, and physically abused as documented on <https://reynen.ca> during my involuntary admission by both patients and staff at The Royal, so I hope that this can be resolved.

Please acknowledge receipt and respond as soon as possible.

Including the updated Notice of Appeal with new formatting on the Back Sheet and an updated date (September 8, 2025)

I still intend to continue this appeal!

Please do not prevent me from my pursuit of justice which is my right!

Something has to give.

Canada has forgotten God. Granted.

But it terrifies me that it has also abandoned the rule of law.

See the first line of the Canadian Charter of Rights and Freedoms:

"Whereas Canada is founded upon principles that recognize the supremacy of God and the rule of law:"

This is part of the Constitution: the highest law in Canada.

Is it because I am a Christian all of this is happening?

I am still a Canadian (for now) and a human being, if that helps at all.

Without God, tyranny will come pretty quick I am afraid.

Can something please be done about this?

Things like contributed as to why I was a hair's breath away from abandoning my appeals yesterday and today (but they are still alive, and I intend to continue them).

Help me.

Please don't let Dr. Tabitha Rogers continue to hurt me as the "treatment" slowly kills me (like it was the last time I was forced onto the psychotropics, which are pharmakeia), all because she hates me because I am a Christian.

My heart breaks thinking things like this will be done to my brothers and sisters in Christ.

This is terrifying.

Even the Anti-Christ himself, when he comes, will simply kill them (and me if I am still alive then), not submit them to this state supported cruel and unusual torture to death.

Canada HAS forgot God.

This much is clear.

But things will get so much worse so much more quickly if it abandons the rule of law too.

Regards,

Steven Reynen
