Hi,

I told the rights adviser and Dr. Tabitha Rogers I am not appealing this form, my first Form 4A, delivered October 1, 2025 by Dr. Tabitha Rogers in person (see attached photo).

He understood this, and told me there was no issue. I believe his name is Chem.

Apparently a lawyer called the unit but did not get through.

Why do I have a lawyer? I would be self representing if I appealed.

Please let me know what on Gods green earth is happening.

If there is a hearing I will show up just to say I am not appealing.

There is no need for a hearing.

Regards,
