I asked staff @TheRoyal today how it could possibly be in my best interest to treat me if that would make me want to kill myself because their treatment is sin, so they just mechanically and chemically restrain me and try and force feed and hydrate me until I'm dead, (Might need to bite my tongue off to try and end it)

Asked orderlies, nurses, a manager and they do not have an answer.

Dr. Labelle says we will cross that bridge 30 days after the judges ruling (if a SCJ Judge openly supports a few forms of internationally recognized TORTURE)
